

An aerial photograph of a vast Finnish archipelago. The scene is dominated by numerous islands of varying sizes, all densely covered with forests. The trees exhibit a mix of green and golden-yellow hues, suggesting an autumn setting. The islands are scattered across a calm, deep blue body of water, which reflects the sky and the surrounding land. In the lower right corner, a small boat is visible, leaving a white wake behind it. The sky above is a pale, clear blue with a few wispy clouds near the horizon.

LAKES ACROSS THE COUNTRY

Lapland — The Arctic Experience

Above the Arctic Circle, where the Northern Lights paint the sky for 200+ nights a year and the midnight sun blazes through summer. Finnish Lapland is one of the world's last great wildernesses — and one of its most accessible.

Winter brings husky safaris, reindeer rides, snowmobile expeditions, glass igloos, and luxury lodges in the deep Arctic forest. Summer brings the breathtaking phenomenon of the midnight sun, fell hiking, and river fishing.

Key destinations: Levi · Saariselkä · Pyhä-Luosto · Rovaniemi

Peak winter season: November – April | Midnight sun: June – August

Lakeland — The Heart of Finland

Europe's largest lake district stretches across central Finland — a mosaic of shimmering water, ancient forest, and emerald islands. A landscape that feels untouched by time.

Luxury lakeside resorts offer cave spas, floating saunas, glass-roofed suites, and gourmet dining over the water. In summer, explore by kayak, paddleboard, and houseboat. In winter, snowshoe across frozen Saimaa beneath an impossibly starlit sky.

Key properties: Järvisydän Resort · Tahko · Sahanlahti

Family-owned hidden gems — not on global booking platforms. Best agent commissions in Finland.

Summer peak: June – August | Magical winter: December – March

Helsinki — Nordic Design Capital

Finland's capital is a UNESCO Creative City of Design — compact, walkable, and packed with world-class architecture, innovative dining, and a vibrant cultural scene. Built on a peninsula with 300+ islands, Helsinki moves effortlessly between urban sophistication and sea air.

The Senate Square and iconic Helsinki Cathedral anchor a city centre full of design boutiques, covered market halls, and Michelin-starred restaurants. The sea fortress of Suomenlinna, a UNESCO World Heritage Site, is just 15 minutes by ferry.

Helsinki is the natural gateway into Finland — and a destination worth at least two nights in its own right.

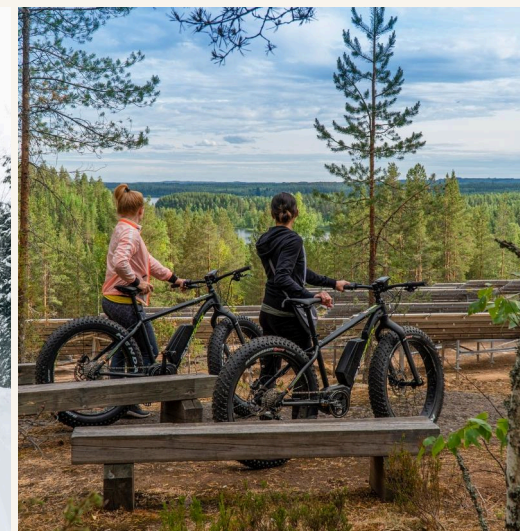

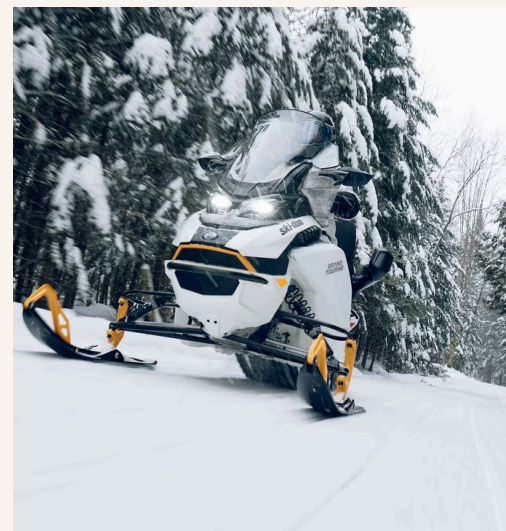

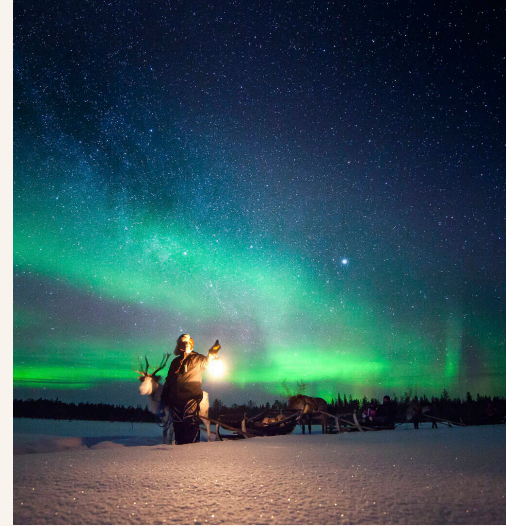

Highlights: Design District · Suomenlinna · Market Square · Löyly Sauna · Island archipelago

The background features rolling hills and mountains under a soft, orange sky. The overall mood is serene and contemplative.
