The World's Last True Wilderness

Finland is Europe's greatest wilderness — vast boreal forests, 188,000 private lakes, and Lapland skies that dance with the Northern Lights. For travellers who have seen everything, Finland offers what cannot be found anywhere else: 100,000 km² of Arctic Lapland, 75% forest cover, and an entire lake for your private use. Clean air, deep silence, and complete solitude — arranged exclusively by Finland DMC.

Europe's

LARGEST WILDERNESS — RESERVED
FOR YOU

Sleeping Under the Northern Lights

In Finnish Lapland, the sky becomes part of the room. Glass-roofed private cabins frame the aurora borealis from your bed — no alarm clocks, no tour groups, no scheduled moments. The lights appear when they choose, and when they do, the entire sky is yours.

Winter in Lapland is the world's most immersive natural spectacle. Deep snow silences everything. Reindeer cross the fell at dusk. The air is the cleanest you have ever breathed. Each cabin is a private world set within endless white wilderness.

This is not a hotel. It is a destination with no equal.

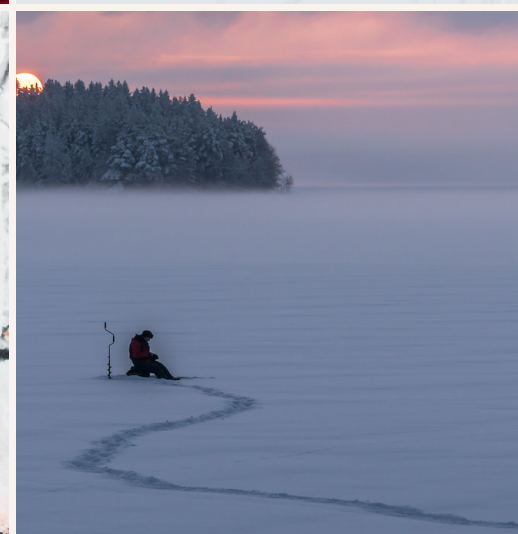

- Glass-roof cabin
- Private terrace
- Aurora views
- Total privacy

Private Arctic Residences

For travellers who require complete privacy, Finland offers a collection of exclusive private residences that cannot be found through any booking platform. These are homes, not hotels — staffed, fully catered, and designed to disappear into the landscape.

Private Villas — Architect-designed residences set in their own wilderness. Private chef, private sauna, private guide. The fell, the forest, and the aurora belong entirely to your party.

Boutique Lodges — Intimate lodges with a handful of suites, offering the service of a private residence with the amenities of a world-class property. Your programme. Your pace. Your Finland.

● Private chef ● Private sauna ● Dedicated guide ● No shared spaces

Finnish Lakeland — All Four Seasons

In winter, 188,000 frozen lakes create one of the most extraordinary landscapes on earth — snow-covered islands, black ice, and complete silence. A world most travellers never see. Finland DMC arranges exclusive access to lakeside resorts operating year-round, each surrounded by snow-draped forest — including a private lake reserved entirely for your party.

In summer, the same lakes shimmer under the midnight sun that never fully sets. A private houseboat on Lake Saimaa, a glass-roofed suite at the water's edge, a champagne cruise at 2am in golden light. Two completely different Finlands, both available, both entirely yours.

- Your own private lake
- Frozen lake winter
- Midnight sun summer
- Private houseboat

Your Private Encounter with the World's Rarest Seal

The Saimaa ringed seal exists in one place on earth: Lake Saimaa, Finland. With only around 530 remaining — and thriving under strict protection — this is a wildlife encounter reserved for those who know exactly where to look. Finland DMC knows.

A silent wooden boat, a still summer morning, and the world's rarest freshwater seal surfacing beside you. Our expert naturalist guides know the seal families personally. This is your private audience with a living treasure found nowhere else on the planet.

This is the definition of exclusive access: not a tour, not a ticket — a moment arranged only for you.

● Only in Saimaa ● Private boat ● Expert naturalist

● ~530 remain on earth

Ancient Rituals.

Nordic Wellness.

The Finnish sauna is not a spa amenity — it is a 2,000-year-old healing ritual. Steam, birch, cold water, silence. At Järvisydän Resort, the sauna ritual takes place beside the lake at dusk, with a private smoke sauna heated for hours before your arrival.

Cave Spa — Carved into natural bedrock, the cave spa at Järvisydän is one of the most extraordinary wellness spaces in the Nordic world. Turquoise pools, ancient stone, and the quiet of underground Finland.

Lake Spa — Outdoor thermal pools overlooking Saimaa. Peat treatments sourced from Finnish bogs. Cold plunge directly into the lake. A complete journey from underground stone to open sky.

● Private smoke sauna ● Cave spa pools

Nordic Gastronomy

Finnish cuisine is built on the same principles as the landscape: clean, honest, and entirely seasonal. Wild mushrooms gathered that morning. Lake fish caught an hour ago. Reindeer slow-smoked over Arctic birch. Cloudberries from the fell above the lodge.

Private Chef Table — An intimate dining experience where the chef cooks directly at your table over an open flame. Finland's finest ingredients, prepared as you watch. The forest as your dining room.

Kota Dinner — A traditional Finnish tent shelter over an open fire. Smoked meats, cast-iron pots, and the deep smoke of a birchwood fire. Dining as ceremony, not service.

● Wild-foraged ● Open-fire cooking ● Private chef ● Seasonal & local

Helsinki —

The Nordic Gateway

Most Finland journeys begin and end in Helsinki — a compact, walkable design capital on the Baltic Sea that rewards those who look beyond the obvious. As a gateway city it is unmatched in Europe: direct connections from Shanghai, Beijing, and Hong Kong, with the Arctic wilderness reachable within two hours.

Private sauna on the waterfront — Löyly, Helsinki's most celebrated public sauna, is available for private hire. Heated for your party only, with a private terrace over the Baltic.

Design & culture — Private after-hours access to the Design Museum, Marimekko flagship, and Alvar Aalto's architectural masterpieces. Helsinki as few visitors ever experience it.

- Direct flights Asia
- UNESCO Design City
- Private sauna hire
- Archipelago cruises

A photograph of a snowy landscape at night under a dark sky. The foreground is covered in snow with several small, dark, leafless trees. In the background, a snow-covered mountain rises. A vibrant green aurora borealis (Northern Lights) is visible in the sky, appearing as a large, glowing, wavy band of light. The text "All of Finland. All for You." is centered in the middle of the image in a white, elegant script font. Below it, the tagline "Everything is possible. We know every corner personally." is written in a smaller, white, sans-serif font.

*All of Finland.
All for You.*

Everything is possible. We know every corner personally.

We know Finland. We know hospitality.

Finland DMC is a specialist destination management company covering all of Finland — from the glass-cabin wilderness of Lapland and the seal-inhabited lakes of Saimaa to the design capital Helsinki. We arrange the experiences that no booking engine can offer.

Every journey we design is entirely private, entirely bespoke, and built around one principle: the best of Finland should be accessible only to those who know exactly where to look. We know where to look.

No group tours. No fixed programmes. No limits.
